## **DETAILED ACTION**

### ***Reasons For Allowance***

1. Claims 1-46 are allowed.

2. The following is an Examiner's statement of reasons for allowance:

The cited prior art taken alone or in combination fails to teach the claimed invention of aerial combat management, as claimed by Applicant. Specifically, independent claims 1, 43, 44, 45, and 46 disclose "...selecting at least one of the alternative actions for the at least one aerial combat situation..."

The closest prior art of Wigren (U.S. Patent Number 6,278,401 B1; dated 21 AUG 2001; class 342; subclass 195) teaches a target tracker, but fails to teach or suggest "...selecting at least one of the alternative actions for the at least one aerial combat situation..."

Further, claims 1-46 are considered allowable since when reading the claims in light of the specification, as per MPEP §2111.01 or In re Sneed, 710 F.2d 1544, 1548, 218 USPQ 385, 388 (Fed. Cir. 1983), none of the references of record alone or in

Art Unit: 2129

combination disclose or suggest the combination of limitations specified in independent claim 1, including: "...selecting at least one of the alternative actions for the at least one aerial combat situation..." (as defined at page 27, last paragraph and at page 29, last paragraph and at page 39, last paragraph and at page 40, first paragraph and at page 44, last paragraph),

Only to the extent that this feature is not present in the prior art of record is the present case found to be allowable over the art of record.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
